Sorry for the quick switch of gears, but it looks like our best date to have at least one rep from each entity on this list , as well as the EPA consultant SKEO, will be **Nov 1 at 3:30**. I will send for that date and time.

**Subject:** RE: Conference Call RE: Dico Site Scenarios and EPA Contractor

Hello all,

Follow up to our last technical call between our entities, and also following up on recent meeting and discussion with the site owner's representatives. At our last tech call, which included EPA's consultant SKEO, we had agreed to regroup in November after the SKEO team had a chance to gather some additional information.

In our conversation with the owners' reps, they are agreeable to participating in the next round of this discussion, which is mainly focused on what alternatives there may be for building removal and materials disposal, as well as developing further information on capping/fill alternatives to soil remediation as we try to position the two proposed new uses on the Dico site. They have requested a meeting time the week of October 30. Kristen, my understanding on this timing is that there is a date coming soon for filing a potential appeal to the most recent decision.

Is a meeting during that week compatible with timing of any information that SKEO may be working on? If not, I believe that the forum still has merit in the timeframe the owner is seeking, in order to bring them back to this larger table. As we've noted, they have attended meetings with us and maintained fairly regular communication over the last several years as we looked at site scenarios and concepts.

We are taking further steps at the City to bring forward the information on the police department site vetting process forward to City Council on November 20 at a workshop. We will also include the school district stadium on the site with their approval. The more honed in that we can be on the narrative for this very multilayered and technical exercise, the better off we will be taking those steps, particularly as it pertains to understanding costs and roles.

Our team would have the following times and dates that week, all Central Standard times:

October 31      8-10 or 4 pm

November 1      8, 1, or 3:30-5 pm

November 2      8 or 1-5 pm

Many thanks,

Rita Conner

Economic Development Coordinator
